"When I received the samples of Resinol Soap and Resinol Ointment my face was covered with pimples which defied other creams, soaps and cosmetics. They were a source of constant humilation to me, coming in contact with many strangers as I do, as a business woman.

"By the time I had finished a cake of Resinol Soap and half a jar of Resinol Ointment my skin was soft as velvet, and as smooth. My friends were stunned, and every one asked me what I had done. When I told them, I think they hardly believed it, for the transformation was simply wonderful.
